

Di Donna Galleries at Art Basel | Miami Beach, 2017

Booth A3 December 7-10, 2017

Di Donna Galleries will participate in the December 2017 edition of Art Basel, Miami Beach, presenting a lively selection of mid-20th-century masterworks by European, American, and Latin American artists, with highlights by Alexander Calder, Agustín Cárdenas, Leonora Carrington, Wifredo Lam, René Magritte, Matta, Fausto Melotti, Joan Miró, Pablo Picasso, Yves Tanguy, and Antoni Tàpies, among others. The featured works in this curated booth represent Di Donna Galleries' continuing dedication to examining the rich cross-cultural dialogues which arose from a genuine fascination with non-European cultures among the Surrealists and artists associated with other modern movements. This particular presentation will especially reveal compelling formal and ideological narratives that developed from the migration of certain artistic strategies overseas and between Europe and the Americas.
